**DECISION ON PETITION TO REVIVE**

Mail Stop PETITION  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Request is hereby made for reconsideration of the Decision dated December 2, 2008, dismissing Applicants' petition under 37 CFR1.137(b), filed October 14, 2008, to revive the above-identified application.

The basis for the decision of dismissal was that the petition lacks the required reply. The reason for finding that the petition lacks the required reply is that the Response timely submitted on April 11, 2008, to the Final Office Action of February 11, 2008, does not prima facie place the application in condition for allowance in view of the Advisory Action of August 11, 2008.

Together with this Renewed Petition and Request for Reconsideration of the Decision to dismiss, Applicants are submitting a supplemental response to the Final Office Action of February 11, 2008, which is inclusive of a response to the

Advisory Action of August 11, 2008. Applicants submit that the response prima facie places the application in condition for allowance.

Respectfully submitted,

February 2, 2009  
Date
